Airy Knoll Farmhouse, Sauk City, WI. Property is located in close proximity to popular Baraboo Hills and Wisconsin River. The best of both worlds...old house character & charm with new house efficiency & ease of maintenance. The original home was built in 1873 & has been lovingly restored & updated in the last 5 years. Concrete fiber siding, insulated arched top windows, granite/stainless Chef's kitchen, new roof, doors, trim, wood flooring, electrical, all mechanicals - it's exceptional! The 3 acre planted prairie blooms colorfully all Summer. Almost all of the outbuildings have been restored in recent years
