This sweet ranch is ready for you to call home! Nestled on nearly .7 acres, backing up to lots of trees and open space, this is your country oasis close to everything! Boasting DeForest schools, just minutes from the interstate, Madison, and shopping, this home is the best of all worlds. Currently 2BR/ 2BA, there is a lovely space in LL (currently non-conforming BR) just begging for an egress window, and with a full bath down there too, this would be a super space for a teenager! The large main level laundry can easily be converted back to bedroom.
